Hello Mrs. Irina Zemel

Per our conversation last week I am sending you the information you requested so that the USPTO will enter the processing of my above identified application for patent.

I am faxing this fax letter with my attached letter. In addition a hard copy will be sent to your office.

I thank you for the time spent on the phone on explaining the procedure in processing this patent through the USPTO system. I will look forward to speaking or receiving correspondence from you in the future.

Sincerely

John Carcich / Inventor

Conformation #8508

Dear Mrs. Zemel:

This letter is a follow up to our phone call last week on my patent application that you will be processing.

The question that you requested of me was if I choose to process this patent under section I or II with or without traverse as identified on your detailed Action letter and want to traverse the claims of my patent application.

My choice is to use option "claim I. using the traverse authority" items 1 through 18 of my claims and identified on your detailed action letter.

I hope that I have completed this action per your written request and our verbal conversation.

I will be traveling out of the United States From August 5 to the end of September on business and if you have need to contact me please leave a message on my personal home phone which I will be checking. The phone number is 408-868-1220

Sincerely,

John Carcich
Inventor
